PROVO, UTAH

Preface.

THE Manuscript from which the text of this Volume has been taken is now in the Bodleian Library, and is numbered MS. English Misc. C. 17. The thanks of the Society are due to E. B. Nicholson, Esq., F.S.A., Bodley's Librarian, for allowing it to be copied and printed.

It was formerly in the library of Peter le Neve, Norroy King of Arms, and was, I think, No. 612 (Twelfth Day) in the sale catalogue. The library was sold in 1731 by John Wilcox, bookseller in Little Britain, when No. 612 realized eight shillings and sixpence. A note records that Joseph Smith paid £2 10s. for the volume, when perhaps the name A. Brooke, that of some former owner, was struck through.

Miss E. G. Parker, who made the copy of the manuscript, tells me that the handwriting of the additions to the Brooke marriage, on folio 88^b (p. 23), seems to correspond with the signature. Other alterations by the same hand are found on folios 56^b (p. 92), 101 (p. 92), 136 (p. 190), etc. A note by the present Librarian records, "Bought by the Bodleian 5. 2. 1892 for £2. 2. 0 through the Provost of Queen's." This is all that I have been able to find out concerning the history of the volume.

It may be noted that a number of the pedigrees are written by the same hand as the blazons of the arms. There are a great many additions by different hands at various dates running throughout the whole volume, a large number having been made by Le Neve. Some of the additions seem to be the result of the MS. having been checked with the original, and certain names and words filled in which the transcriber failed to read. These additions are in every instance printed in *italics*, and the notes in *italics* and enclosed within square brackets are either by Miss Parker or myself.

Le Neve has written on folio 1 the title, "Copie of the Visitation of Buckinghamshire in y^e year 1634." A list of the pedigrees as they are arranged in the MS. occupies folios 2 and 2^b. This list has therefore been reproduced with the addition of the corresponding pages in the printed Volume, as a key to the cross references placed after certain names in the pedigrees. Some few pedigrees have been written into the volume since this list was made; the names of these I have added in *italics*. Then follows in the MS. an elaborate alphabetical index, indicating the Visitation pedigrees by a crescent, and marking all the marriages, heiresses, etc.; it occupies folios 3 to 5^b. It has not been printed, as the General Index will supply its place.

The text may be called a short copy, many little items having been left out. As a check I have used two other seventeenth-century copies of the Visitation. One a MS. formerly in the library of Peter le Neve, bearing the title, "Copie of the Visitation of Bucks 1634"—No. 613 (Twelfth Day) of the sale catalogue, 1731—and the other lettered on the back "Visitation of Bucks, 1634," which, from want of a better name, has been quoted as MS. No. 2. They are both fair copies, and all the additions from them are printed in ordinary type within round brackets, or in the case of an entire pedigree the authority is given.

Other pedigrees have been added from the MS. in the College of Arms, 1 and 2, C. 26, in order to complete the Visitation of 1634. The pedigrees are here arranged in alphabetical order for convenience.

I have separated the pedigrees belonging to the Visitation of 1634 from the other miscellaneous pedigrees gleaned, according to the usual custom, from the earlier Visitation made in the year 1566 and elsewhere. A full alphabetical list is added, shewing the pedigrees belonging to each Visitation, and the survival of certain families through the period covered by both. This Volume really contains the Visitations of 1566 and 1634, together with additional pedigrees, being perhaps in some instances copies of those prepared but not entered.

The main text has been subjected to very little tinkering by the former possessors, and where it has been possible to trace the additions or alterations notes suggesting the additions are added.

There are very few tricks of arms in MS. Eng. Misc. C. 17, though there are a large number of blazons always given by symbols; the symbols I have turned into words. The other tricks are reduced straightened facsimiles made by myself from the other MSS. mentioned above. Where no trick appears in MS. Eng. Misc. C. 17 the words "no trick of arms" will be found at the head of the printed pedigree.

It will be remembered that the present Volume was to have been edited by the Secretary. When in the early part of last year Mr. Bannerman, owing to eye trouble, was ordered to take entire rest, it was with pleasure that I undertook to relieve him of this portion of his work.

I have to thank Everard Green, Esq., F.S.A., Rouge Dragon, for the assistance he has kindly given.

W. HARRY RYLANDS.

List of the Pedigrees

AS THEY ARE ARRANGED IN THE MS.

MS. Eng. Misc. C. 17, ff. 2, 2^b.

The blank pages are 1^b, 6^b, 7^b, 8^b, 23^b, 39, 50, 55, 55^b, 63, 91^b, 92, 94, 95^b, 96, 118^b, 126^b, 128, 138, 145, 149, 151^b, 152, 153^b, 154^b—167, 168^b, 172, 173^b—178 (fol. 178 is the last in the MS.).

Fol. 81^b contains a pedigree of three generations of Risley crossed out, and by it is written, in red ink, "verbatim 97^b & more" [96^b, 97].

Fol. 98 is a duplicate copy of the pedigree of Montgomery of Sherington, not referred to in either Index.

O "noteth an heire."

Introduction.

THE only practicable means of producing in print the Visitation of Cheshire made in 1613 by Richard St. George, Norroy,* and his son Henry,† was to take as a basis Harleian MS. 1535, which belongs to a large class of collections of county pedigrees, prepared in the seventeenth and eighteenth centuries, often described as "Visitations," for which there appears to have been a not inconsiderable demand. These were usually based on some given Visitation or Visitations, but the scribes who made them were in the habit of omitting some recorded pedigrees altogether, and of furnishing others with additional facts and descents, no doubt giving more complete accounts of such particular families as were of especial interest to their patrons. They also included in such manuscripts some pedigrees which had not been entered at any Visitation.

Harleian MS. 1535 is described in the *Catalogue of the Harleian Manuscripts*, printed in 1808, as "An Heraldical Book in fol. written, tricked, & coloured (as it seemeth) by the hand of Mr. Jacob Chaloner‡ the Armes-Painter"; and, among other things, it is said to contain, at page 35, "A copy of the Visitation-book of the County Palatine of Chester, as the same was made and taken by Richard St. George Norroy, & in his Company Mr. Henry St. George Rouge Rose. A.D. 1612 & 1613."

Among the "Observables in this particular Copie," the

* Richard St. George, Norroy, was knighted at Hampton Court on the 28th September 1616.

† Henry St. George was successively Rouge Rose Pursuivant 1610, Bluemantle Pursuivant 1611, Richmond Herald 1617, Norroy King of Arms 1635, and Garter King of Arms 1644, in which year he died. He was knighted by Gustavus Adolphus, King of Sweden, in 1627.

‡ Jacob Chaloner, like his father Thomas, was an Arms Painter at Chester, and made collections about the year 1620.

maker of the Catalogue mentions: "Divers Descents intirely added by Mr. Richard Munday*; not to mention the many Additions & Continuations made to Pedegrees, both by him and others"; and he concludes his note as follows: "This very good Book, hath not only suffered much through the folly of some, & designs of others who have cutt of[f] many Armes from it; but also through the carelesnefs of the binder, whose Plough hath taken away parts of Descents & Armes, in the margins thereof."

One finds, therefore, in this manuscript a large number of pedigrees of Cheshire gentry, having among them, here and there, a few brief abstracts of early documents; and also the pedigrees of some offshoots from old Cheshire stocks which had taken root in other counties. The compiler of the catalogue might have stated that many of the descents taken at the Visitation of 1580 have been added, and that there are numerous pedigrees of families which, in 1613, had become extinct or were represented only in the female line, and were, therefore, clearly additions to the pedigrees taken at the Visitation made in that year.

Among the pedigrees comprised in the manuscript there are, however, most, though not all, of those taken in 1613. The same remark applies to the official record of the Visitation, numbered C. 6, preserved in the College of Arms,† for in Harleian MS. 1070 there will be found a number of pedigrees which are in fact the original papers drawn up in 1613 for inclusion in the record of the Visitation. In many cases these are signed by the persons who attested their general accuracy, and some of them are marked "entered." All of these original papers are printed in this volume, since such value as they possess for genealogical purposes is in no way lessened by the fact that they do not appear in the official record at the College of Arms. The reason for their exclusion is not far to seek, for in consequence of the deaths of the heads of some of the families occurring in or about the year 1613, the fees for

* Richard Munday was a Painter-Stainer, whose copies of the pedigrees taken at visitations were sometimes borrowed by the heralds when they went on later visitations.

† A list of the pedigrees contained in C. 6 will be found at pp. x, xi.

entering their descents were probably not forthcoming, and in other cases apathetic lack of interest in their family histories caused payment of the fees to be neglected until the official record was completed. There was precisely the same state of things after the Visitation of Berkshire in 1665-6, and the Editor of that Visitation truly remarks, in the Introduction to Volume II.,* "It is clear that a Visitation was not an official record of the Gentry of a County, but comprised only the Pedigrees of those who were prepared to pay the Fees of Entry."

From the Harleian Manuscripts alone it was not possible to collect the whole of the pedigrees recorded in C. 6, but by means of copies of a number of pedigrees from that record, as well as some transcripts from the Ashmole Manuscripts in the Bodleian Library, and from a manuscript at Capesthorpe Hall, known as the Capesthorpe MS., the whole series has been completed.

Without, therefore, claiming that the following pages contain word for word what is recorded in the College of Arms, in C. 6, the Editors are able to say that they have placed in the hands of the Members of the Society a very fairly accurate collection, comprising the pedigrees of all those families whose descents are recorded in C. 6, together with all the pedigrees now obtainable of those taken in 1613, but not entered in the College of Arms, and also a number of other actually contemporary pedigrees of Cheshire families which seemed of sufficient interest to be included in this volume.

In the task of editing, the Editors have endeavoured to print, as nearly as possible (except as stated above), the pedigrees taken at the Visitation of Cheshire in 1613. With this object early descents, not brought down to the beginning of the seventeenth century, which occur in Harleian MS. 1535, have been omitted altogether, and other portions of that manuscript are also omitted where they record the genealogies of persons of Cheshire origin who had removed to other counties, and who, therefore, would not appear at a Cheshire Visitation.

* "The Four Visitations of Berkshire," edited by W. Harry Rylands, F.S.A. (printed by the Harleian Society).

In cases where Harleian MS. 1535 contains pedigrees of which the earlier generations have already been printed in the Visitation of Cheshire of 1580, which forms Volume XVIII. of the Harleian Society's publications, such generations are omitted and a reference is made to the printed pedigree as "[See Visit. Chesh. 1580, page . . .]."

Some explanatory additions were found necessary in certain cases for the purpose of ascertaining whether the pedigrees were those taken in 1613 or not, and these notes in the process of checking led to others, which are retained, as it is hoped they will be of assistance to those who have occasion to refer to this work. For the sake of uniformity the pedigrees extracted from C. 6 have also been annotated. These annotations are taken from Sir Peter Leycester's *Bucklow Hundred*, Ormerod's *History of Cheshire*, Earwaker's *East Cheshire*, Hall's *History of Nantwich*, the volume of *Funeral Certificates* printed by the Record Society for Lancashire and Cheshire, various local histories, genealogical works and manuscripts, and in every case are distinguished by being placed within square brackets.

It was not considered advisable to give the Arms from Harleian MS. 1535, partly because they are very numerous, amounting in all to about 1260 shields, but principally because, in many cases, they are not clearly drawn, some are wanting, and they certainly could not in their entirety have formed part of the Visitation of 1613; moreover, they are of no authority, and some of them are probably inaccurate and misleading.

It was, therefore, decided to procure the whole of the arms recorded in C. 6. These have been blazoned from the tricked shields of the Visitation by Mr. Everard Green, F.S.A., Rouge Dragon Pursuivant of Arms, and will be found at the head of each pedigree; where no arms appear in C. 6 the fact is noted. Editorial additions to these blazons, consisting of the names of the quarterings and a few tinctures, are enclosed within square brackets. It may be remarked that sometimes the Heralds did not consider it necessary to enter in the Visitation Book well-known and well-authenticated arms—for example, those of Done, Holcroft, Leicester, Leigh, Mainwaring, Savage, Shakerley, and Stanley are not entered in C. 6.

The Editors desire to record their thanks to Colonel Bromley-Davenport, M.P., for the loan of the Capesthorpe MS.; to Mr. W. H. Rylands, F.S.A., for some copies of the pedigrees recorded in C. 6, and for others from the Ashmolean MSS.; and to him and also to Mr. G. Grazebrook, F.S.A., Mr. W. F. Irvine, M.A., F.S.A., and Mr. F. C. Beazley, F.S.A., for information which has been helpful.

* The names in the list of Disclaimers in *Harl. MS. 1070* are not arranged either alphabetically or topographically. For convenience of reference, therefore, they have been placed under the respective hundreds to which the persons belonged. Some additions, distinguished by *italic type*, have been taken from the list of Disclaimers in 1613 (*Harl. MS. 2142, fo. 163*), printed in the *Transactions of the Historic Society of Lancashire and Cheshire*, double vol. 43 and 44, p. 63 (1891-2), which has this memorandum at the foot: "This is a trew copie of thos[e] that [were] disclaymed at S^r Rich. S^t George Norroy Kinge of Armes Visetation for the county of Chester 1613 and taken by me Randle Holme of Chester deputy to the sayd Norroy when the[y] had byne p'claymed at Chester high Crosse after sound of a Trumpett by a bayley [bailiff] of the county of Chester." It is curious that in neither of these lists is there any account of the citizens of Chester who were disclaimed, although at the later Visitation some forty residents in Chester "were disclaimed at the Market cross in Chester on Thursday 28 July 1664 being the time of the Public & General Assizes held for the said County." Names in the list in *Harl. MS. 1070* which do not occur in *Harl. MS. 2142* are marked with a †.

* The charge in this coat has been called a fish-hook, a Roman S, and a bird-bolt, but it does not seem to be any of these. Mr. Everard Green, Rouge Dragon, who has contributed the drawing from which the above facsimile representation is taken, suggests that the object may perhaps be a winding-horn, worn round the neck of the huntsman,
